

FIRMING PEPTIDE FACIAL BEFORE & AFTERCARE

Renew and revitalize the skin with potent anti-aging peptides, powerful antioxidants, stem cells and botanicals. The powerful enzyme is going to infuse the skin with multiple forms of Vitamin C to brighten, tighten and exfoliate. The intelligent ingredients of the Firming Peptide will stimulate new cell growth, repair and rejuvenate all skin types leaving a firm luminous glow.

BEFORE YOUR FACIAL

- Discontinue any manual or chemical exfoliation 3-5 days prior to service.
- Discontinue all Retin-A products 3-4 days prior to service.
- Avoid direct sun exposure for 5-7 days prior to service.
- Schedule your Botox or filler after your service.
- No facial waxing 1-2 weeks **prior** to service.

AFTERCARE

- Follow the home skin care regimen recommended by your skin care professional. Following a home regimen is imperative to improve pigmentation and skin tone
- Do not use manual exfoliation products such as facial scrubs at any time
- Avoid using a washcloth as they often harbor bacteria, instead use your clean fingers to cleanse your face and pat dry with a paper towel
- Direct sunlight exposure is to be completely avoided immediately following the treatment (including any strong UV light exposure or tanning beds).
- Oil free SPF 30+ **must** be applied daily to the treated area for a minimum of two weeks.

TREATMENT FREQUENCY

- The Firming Peptide Facial is most effective as a treatment series of 3-6 sessions.
- Recommended frequency is as often as once a week.
