Acid Upgrade

AHA Boost

Use a Gel-Based peel before an Enzyme Mask
Alpha-Beta: Oily, Acne, Normal, Pigmentation
Lactic: Dehydrated, Anti-Aging

Retinol Boost

Add Vitamin A Accelerator to finish any treatment (Microderm, Dermaplaning, Enzyme, Mask, Gel based peels)

Additional Mixology

AHA Boost

Apply 1/2 tsp. Amandola Milk Cleanser over enzyme to increase exfoliation with Lactic and Mandelic Acid.

Customized Infusion

Spray functional mist of your choice under enzyme/mask to add additional benefits of mist.
